Proven Safety for Battery Storage and Shipping

The premier solution for preventing and containing hazardous battery fires. The CellBlock 052 Case is capable of accommodating large-format batteries and offers extreme protection against lithium-ion thermal events with 360° fire suppression coverage for all of its contents.

A double-walled system is paired with CellBlock's proprietary fire panels for exceptional thermal protection. The pressure relief system mitigates smoke and fumes and eliminates risk of explosion due to overpressurization.
