

Instructions for Use

FireShield EV Blankets

1 Place blanket in front of vehicle handle facing up and away from vehicle.

2 Unfold blanket width-wise.

3 Firmly grasp corner handles to begin unfurling blanket.

4 Walk toward vehicle, keeping blanket taut.

5 Continue walking until blanket is centered over vehicle.

6 Kick blanket in around base of car and gather front and back to reduce air flow.

7 Leave blanket on car until all danger of ignition/reignition has passed.

Instructions for Refolding

FireShield EV Blankets

1

Spread blanket flat.

2

Anchor the corners and grasp blanket at the second crease line.

3

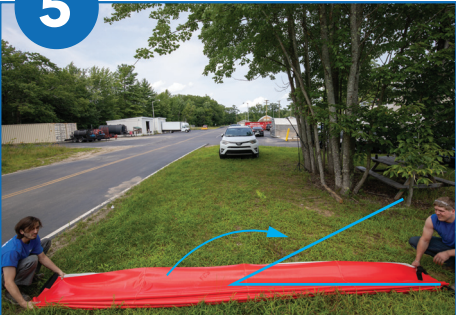

Bring crease line toward the leading edge so that blanket is folded back on itself.

4

Continue with remaining length of blanket, grasping at every other crease line and bringing forward.

5

Once blanket has been accorded into a stack, grasp all layers of left side and walk toward right side.

6

Fold blanket back on itself at center point.

7

Take right side and fold onto left side.

8

The blanket is now ready to be redeployed.
