

# CellBlock LIBIK Quick Kits

Fire Suppression for Personal Devices

# Fire Suppression Within Reach

The **LIBIK Quick Kit** may be used as a stand-alone solution to suppress a thermal runaway in personal devices, or as a supplemental kit that can be implemented while awaiting additional support.

In the event of a lithium-ion battery fire or an overheating device, these core fire suppression tools are capable of neutralizing danger on the spot\*. Keep at the ready in the office, toss in the trunk of a car, or install near your standard home fire extinguisher.

**Keep the FireShield blanket between you and the device. Place over the device once the PED-Pad pillow has been applied**

**Place the PED-Pad pillow over the battery or device. It will release the non-toxic fire suppression media in the presence of flames or high heat.**

**Simple Instructions are printed on the outer fire proof carrying bag.**

#### INCLUDES:

- (1) 15" x 11" x 2" PED-PAD
- (1) 30"x30" LIBIK Fire Blanket
- (1) FR Storage Bag  
Choose Red or Blue
