Product Safety Information

This voluntary information sheet replaces the Safety Data Sheet, since CellBlockEX is not a hazardous material according to the Hazard Communication Standard.

Trade name: CellBlockEX® fire/heat/smoke suppressant

Date: March 31, 2025

1.	Identification		
	1.1 Product Identifier:	CellBlockEX® fire/heat/smoke suppressant	
	1.2 Usage of the material/mixture:	Mineral fire extinguishing agent for Class D (metal) Fires and lithium-ion battery fires	
	1.3 Details of the supplier, which provides the supplier of the supplication of the supplicati	is Safety Data Sheet: CellBlock Fire Containment Systems 234 Northeast Road, Unit #5 Standish, Maine 04084 800-440-4119 Email: info@cellblockfcs.com Website: cellblockfcs.com	
	1.4 Emergency Information:	Phone: 800-440-4119	
2.	Hazards Identification		
	2.1 Classification	Not classified as dangerous for supply/use.	
	2.2 Hazard Symbols	None	
	2.3 Precautions	Spilled material is slippery. If granules are destroyed and improper use occurs, dust may cause irritation of the eyes and respiratory tract. Avoid contact with your eyes, skin or clothes	

3. Composition/Information on Ingredients

CellBlockEX® is an article according to REACH and not a raw material or mixture. It is excluded from te labelling requirement (see item 15).

3.1 Chemical description: Soda lime borosilicate glass granulate based on post-consumer recycled glass (bottle glass and flat glass).	
3.2 Hazardous Ingredients: None	
3.3 CAS no.: 65997-17-3	
3.4 EINECS no./ELINCS No.: 266-046-0	
3.5 Index no.: Not controlled/Not regulated	

Ingredient:	Chemical formula	typical % by weight
Silicium Dioxide	SiO ₂	70-73
Sodium Oxide	$K_{2}0 + Na_{2}0$	13-14
Calcium Oxide	CaO + MgO	8-10.5
Aluminium Oxide	Al_2O_3	1.5-2

Product Safety Information

This voluntary information sheet replaces the Safety Data Sheet, since CellBlockEX is not a hazardous material according to the Hazard Communication Standard.

Trade name: CellBlockEX® fire/heat/smoke suppressant

Date: March 31, 2025

4. First-Aid Measures

4.1	Description of first aid measures:	
	after inhalation:	Seek fresh air immediately. If inhaled, seek medical aid.
	after skin contact:	Wash skin with soap and water. Remove soiled clothing and shoes. Consult a doctor in case of irritations.
	after eye contact:	Flush eyes for five minutes. Consult a doctor if irritation persists.
	after ingestion:	There are no known effects. Irritation of the mouth throat, trachea and gastro-intestinal tract are possible. Rinse mouth, drink water and consult a doctor.
4.2	The most important, urgent and delayed symptoms and effects	There are no known symptoms or effects.

5. Fire-Fighting Measures

CellBlockEX is non-flammable and heat resistant to 710° C (1310°F); phase change to molten at >920°C (1688°F)

5.1 Extinguishing agent	Not applicable, product is non-flammable.
5.2 Special risks of the material/mixture	No special risks caused by the product or mixture.
5.3 Information about fire fighting	The extinguishing agent should be chosen according to the primary cause of fire.

6. Accidental Release Measures

6.1	Personal precaution and protective equipment	Use personal safety equipment: a mask or respirator with dust filter A/P2, rubber gloves, safety googles, coveralls, rubber boots,
6.2	Measures for environmental protection	Product shouldn't be flushed. It floats on water due to low density and may cause blocked pipes.
6.3	Procedure to stop spillage and measures for cleaning	Remove spillage in accordance with Section 8. Sweep or vacuum the spillage and dispose of it properly.
6.4	Cleaning and Disposal	Instructions for disposal see paragraph 13

7.1 HandlingAvoid formation of dust. The usage of particle filtered protective mask P2 is required if
the dust concentration rises above the reference value (see section 8.1). Avoid contact
with skin and eyes. Avoid ingestion or inhalation.7.2 StorageProtect against humidity by storing in a cool, dry place. Keep package sealed.7.3 Incompatable substancesNone

Product Safety Information

This voluntary information sheet replaces the Safety Data Sheet, since CellBlockEX is not a hazardous material according to the Hazard Communication Standard.

Trade name: CellBlockEX® fire/heat/smoke suppressant

Date: March 31, 2025

8. Exposure Controls/Personal Protection

8.1 Controlled parameters

Reference	Soda lime borosilicate glass, CAS no.: 65997-17-3
Exposure limits	Respirable dust: 1.25 mg/m³ Total inhalable dust: 10 mg/m³ Exceedance factor and category: 2 (II)

These values are reference dust values. Reference dust values vary depending on the country of application.

8.2 Personal Protective Measures

Respiratory protection:	The usage of a particle filtered protective mask P2 is required if the dust concentration rises above the reference AGW value.
Eye protection:	Wear safety glasses with side shields to protect against eye contact.
Hand protection:	Wear suitable protective gloves in order to minimize skin contact.
Body protection:	Wear general purpose work suit to protect skin from irritation.
Specific hygienic measures:	Not applicable

9. Physical and Chemical Properties

9.1 Information about the basic physical and chemical properties

Physical state:	Solid/powder, grain sizes 1 - 4 mm
Appearance:	Creamy white with blue marker granules
Odor:	Odorless
Boiling point:	Not expedient; It's a mineral product
Melting point:	Approx. 920°C (1688°F)
Softening point:	Approx. 710°C (1310°F)
Flashpoint:	Non-combustible
Explosion limit:	Not applicable
Vapor pressure:	Not applicable
Specific gravity:	0.3 - 0.5
Solubility in water:	Water-insoluble
ph-value:	Approx. 7-12 (20°C / 100g/l), pH-meter
Danger of dust explosion:	Not applicable
Further information	

9.2 Further information

10.3 Possible hazardous reactions

10.5 Incompatibility (substances to avoid)

10.6 Hazardous decomposition or by-prod

10.4 Conditions to avoid

Viscosity:Not applicableVapor density (air = 1):Not applicable

10. Stability and reactivity

10.1 Reactivity 10.2 Stability

	Not we still
	Not reactive
	Stable under normal temperature and pressure conditions
	None
	Temperatures above 920°C (1688°F), product phase change to molten
)	Hydrofluoric acid (HF); material dissolves by generation of H2SiF6
lucts	Not applicable

Product Safety Information

This voluntary information sheet replaces the Safety Data Sheet, since CellBlockEX is not a hazardous material according to the Hazard Communication Standard.

Trade name: CellBlockEX® fire/heat/smoke suppressant

Date: March 31, 2025

11. Toxicological Information

Acute toxicity (LD50/LC50):	Unavailable
RTECS:	Unavailable
Inhale:	May cause irritation
Skin contact:	May cause irritation
Eye contact:	May cause irritation
Ingestion:	May cause irritations of the mouth, trachea and gastro-intestinal tract

12. Environmental Information

None
Not applicable
no data available
Unknown
Biological nondegradable, as of mineral origin
Not determinable, because it is not fat-soluble
Not applicable
Unknown

13. Disposal considerations

- 13.1 Method of disosal
- 13.2 European catalog of refuse code:13.3 Refuse description:

14. Transport information

14.1	US DOT
14.2	UN-Number
14.3	proper UN-shipping name
	transport hazard class
	Road transportation
	Inland waterway transportation
	Sea transport
	Air transportation
14.5	Packing group
	Environmental hazards
447	Constal and constants

14.7 Special precautions

14.8 Bulk commodity transport according to appendix II of the MARPOL-Agreement 73/78 and according to IBC-Code Disposal in accordance with federal, state and local regulation. Do not dump into the environment or allow to enter sewage system; may block pipelines. 170202 Soda lime borosilicate glass

Not applicable Protect against humidity; maximum blowing pressure: 0.8 bar Not applicable

Product Safety Information

This voluntary information sheet replaces the Safety Data Sheet, since CellBlockEX is not a hazardous material according to the Hazard Communication Standard.

Trade name: CellBlockEX® fire/heat/smoke suppressant

Date: March 31, 2025

15. Legislation

15.1 Instructions for safety, health and environmental protection/specific legislation for the product or mixture

Reference: Danger symbol: Danger defining components: Special identification of certain preparations: Water pollution classification: Resorption by Skin/Sensitizing: Soda lime borosilicate glass, CAS no.: 65997-17-3 No labelling required Not applicable Not hazardous to water No data available

Not applicable

15.2 Evaluation of the product

This product is excluded of the REACH-Registration obligation according to EC 1907/2006 appendix V.11

16. Further information

This "Product Safety Information" replaces the Material Safety Data Sheet, because CellBlockEX is not a hazardous material according to the CLP regulation. We would like to point out that this is a voluntary service. There is no obligation for the manufacturer to make these documents available. The details are based on today's state of our knowledge and serve to describe the product with regard to the correct safety regulations. It does not represent any assurance of product properties and does not give reasons for any contractual facts of the case. Users must determine if the information is suitable for their purposes.

Manufacturer's Warranty: CellBlockEX fire/heat/smoke suppressant is guaranteed to comply with CellBlock FCS LLC's manufacturing standards and has a warranted shelf life of 5 years, provided the product is stored and transported according to manufacturer recommendations.
